

Fun Time

Activity-12

Concept Form

Count and add.

Problem Solving

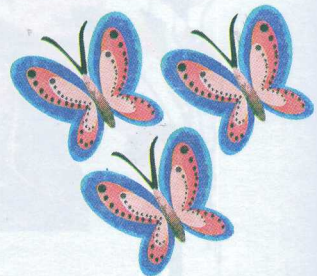

1 butterfly

+

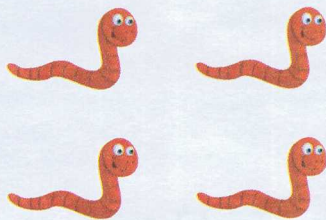

2 butterflies

=

3 butterflies

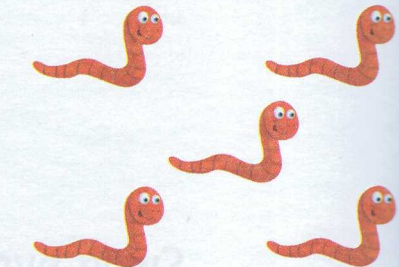

4 worms

+

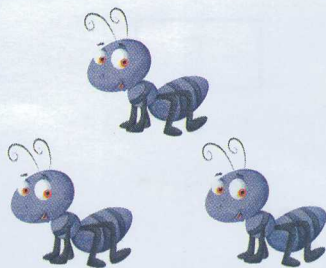

1 worm

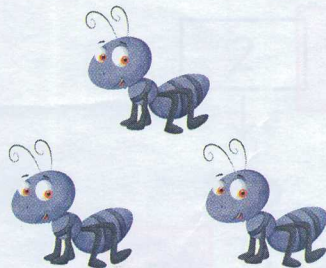

=

___ worms

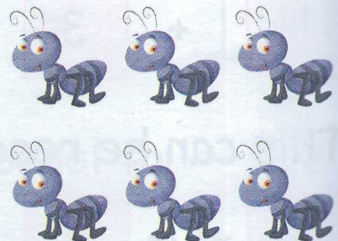

3 ants

+

3 ants

=

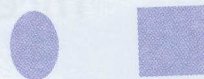

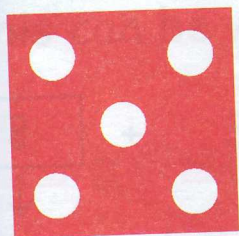

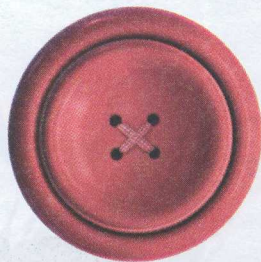

___ ants

Activity-11

Tick (✓) the shapes of the following objects.

Critical Thinking & Decision Making

Fun Time

Activity-10

Match the identical halves.

Identification

The activity consists of six pairs of images, each pair split vertically by a dashed red line. The pairs are: 1. A sun on the left and a green field on the right. 2. A green field on the left and a sun on the right. 3. A window with a landscape on the left and a mountain on the right. 4. A mountain on the left and a window with a landscape on the right. 5. A sun on the left and a green field on the right. 6. A window with a landscape on the left and a mountain on the right.

Activity-9

Write numbers 1 to 5 below each child to arrange them in descending order of their height.

Critical Thinking

Write the numbers given in each row in descending order.

94	54	12	100	66	100	94	66	54	12
86	34	19	55	29	—	—	—	—	—
57	92	97	62	78	—	—	—	—	—
91	95	86	14	100	—	—	—	—	—
23	90	76	45	70	—	—	—	—	—
